

# Supporting the Well-Being of Children and Young People in Tendring 2019

## A summary report of the School's Health and Wellbeing Survey

The well-being survey is commissioned and reported on by Essex County Council's Strategy, Insight and Engagement service and delivered by the Schools Health Education Unit in order to collect robust information about children and young people's lifestyles. The survey is now in its eleventh year and the findings are being used to inform Essex's annual needs assessment for children's services, identify baseline data and inform targets, service evaluation and improvement.

This report presents the results for Tendring district only, based on the views of 2661 pupils out of the full Essex sample of 22357. Tendring pupils make up 11.8% of all pupils responding to the survey.

**Comparative figures for the wider Essex data are shown in brackets ( ) throughout this report.**

This report should be read in conjunction with the all-Essex report.

### Age-related data

On pages 2 and 3 of this booklet some questions are presented by age range so that the differences in behaviour can be seen as children grow up.

A selection of significant differences between 2018 and 2019 are listed on page 8 of this report. These are the only comparisons with previous year's data made in the report.

Also listed, are a selection of differences found between the district and the wider Essex 2019 data set.

### Over 22,000 young people were involved in the survey:

School Phase Age	Tendring			Essex		
	Primary 7 - 11	Secondary 11 - 18	Total	Primary 7 - 11	Secondary 11 - 18	Total
Boys	672	593	1265	7719	3559	11278
Girls	758	614	1372	7532	3547	11079
Total	1431	1230	2661	15259	7216	22357

24 pupils didn't select male or female.

### Area Data

Tendring data has been compared with the wider Essex survey sample. A separate report compares the entire Essex 2019 data with the Essex 2018 sample. Confidence intervals (at 95%) for Tendring data are, at worst, primary  $\pm 2.2\%$  and secondary  $\pm 2.6\%$ . This means that we are confident that the data accurately reflect the behaviours and views of young people in Tendring in the study to within approximately 2-3% of the figures stated in the report.

# Headlines

## Changing attitudes and behaviours by age

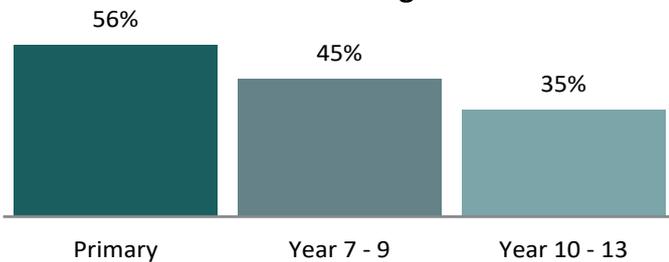

The following is a selection of data relating to the set of questions found in both the primary and secondary versions of the questionnaire. It is always interesting to see how young people change as they grow up but this analysis is also useful because it can raise some important questions for local discussion.

## HEALTHY EATING

### Fruit

- With increasing age there is a drop in eating fresh fruit 'on most days'. 56% (61% in wider Essex data set) of primary falls to 45% (52%) of Year 7-9 and 35% (42%) of Year 10-13 secondary pupils.

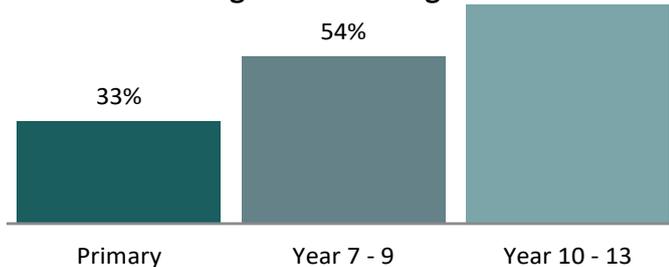

**Fresh fruit 'on most days' in Tendring**

### Weight worries

- 33% (36%) of Year 6 girls said that they would like to lose weight, this rises to 54% (48%) of Year 7-9 and 71% (64%) of Year 10-13 secondary girls.

**Want to lose weight - girls in Tendring**

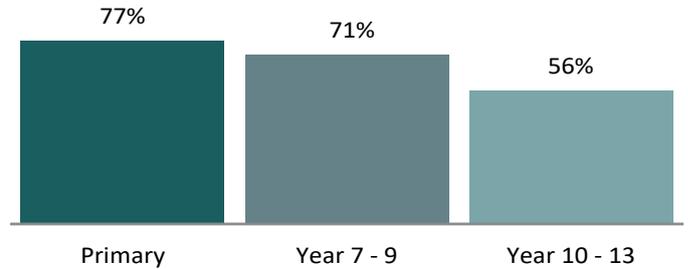

- There is an increase in the proportions of girls who report having nothing to eat or drink for breakfast. 9% (7%) of primary girls rises to 32% (26%) of Year 7-9 and to 45% (33%) of Year 10-13 secondary girls.
- 13% (12%) of primary pupils reported worrying about their diet. This goes up to 23% (21%) of Year 7 - 9 and 33% (30%) of Year 10-13 secondary pupils.
- 23% (25%) of primary pupils reported considering their health when making food choices. This falls to 16% (20%) of Year 7 - 9 and 16% (18%) of Year 10-13 secondary pupils.

## EMOTIONAL HEALTH & WELL-BEING

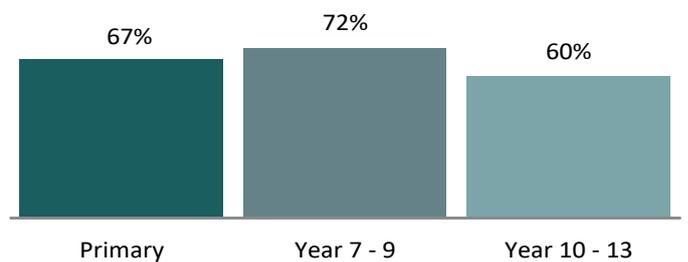

- An increase in the proportions of pupils worrying about their looks was observed as age increased. 19% (15%) of primary aged pupils increased to 31% (27%) of Year 7-9 and 39% (34%) of Year 10-13 secondary pupils.
- 77% (79%) of primary pupils said that their life is going well. 71% (72%) of Year 7-9 and 56% (63%) of Year 10-13 secondary pupils said the same.

**Life is going well in Tendring**

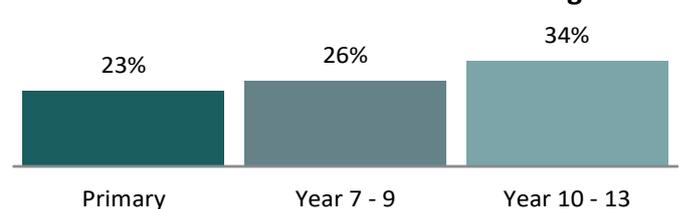

- 67% (69%) of primary pupils said that they know where to go to find advice, support of information about things that are worrying them. 72% (74%) of Year 7-9 and 60% (66%) of Year 10-13 secondary pupils said the same.

**Know where to go to for support for worries in Tendring**

- 67% (70%) of primary pupils said they have what they want in life. 60% (63%) of Year 7-9 and 42% (50%) of Year 10-13 secondary pupils said the same.
- 11% (9%) of primary pupils said they wished they had a different life. 14% (12%) of Year 7-9 and 20% (15%) of Year 10-13 secondary pupils said the same.
- 37% (34%) of primary pupils said that they often lose their temper or get angry. 39% (37%) of Year 7-9 and 34% (32%) of Year 10-13 secondary pupils said the same.
- 23% (20%) of primary pupils said that they often feel sad or tearful. 26% (26%) of Year 7-9 and 34% (32%) of Year 10-13 secondary pupils said the same.

**Often feel sad or tearful in Tendring**

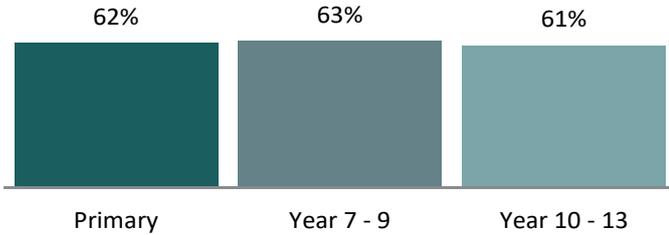

## LOCAL SAFETY

### Feeling safe

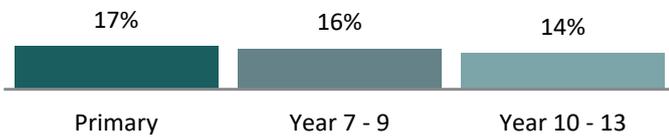

- There little differences with age for feeling safe when going out in their local area in the evenings on a week day. 62% (66%) of primary pupils say this as do 63% (65%) of Year 7-9 and 61% (71%) of Year 10-13 secondary pupils.

Feeling safe going out in the evening on a week day in Tendring

- 78% (79%) of primary pupils report feeling safe on their way to or from school. This rises to 80% (82%) of Year 7-9 pupils and to 82% (88%) of Year 10-13 secondary pupils.
- 17% (17%) of primary pupils worry 'quite' or 'very often' about crime in their local area. This falls to 16% (14%) of Year 7-9 pupils and again to 14% (12%) of Year 10-13 secondary pupils.

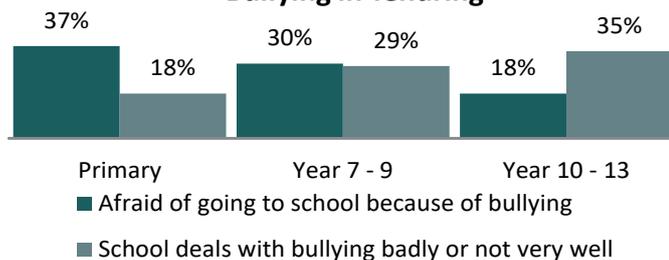

Worrying about crime in their local area (Tendring)

## BULLYING

- 37% (34%) of primary pupils, 30% (27%) of Year 7-9 and 18% (14%) of Year 10-13 secondary pupils said that they felt afraid to be in school because of bullying at least sometimes in the month before the survey.
- 18% (15%) of primary pupils, 29% (28%) of Year 7-9 and 35% (36%) of Year 10-13 secondary pupils said that their school deals with bullying badly or not very well.

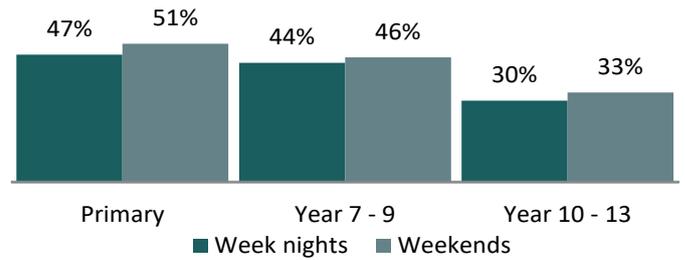

Bullying in Tendring

## RECREATION

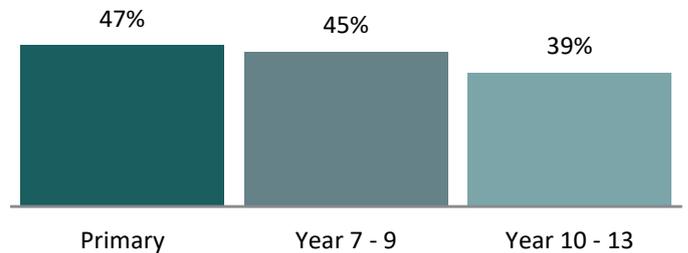

- 51% (58%) of primary pupils said that there is a lot of good choice of activities that they can go out and do during the weekends. 46% (51%) of Year 7-9 and 33% (40%) of Year 10-13 secondary pupils said the same.
- 47% (52%) of primary pupils said that there is a lot of good choice of activities that they can go out and do during week nights. 44% (46%) of Year 7-9 and 30% (35%) of Year 10-13 secondary pupils said the same.

Good choice of activities (Tendring)

- 47% (53%) of primary pupils responded that they go out in the evening to take part in activities/clubs at least 'two - three times a week'. This drops to 45% (49%) of Year 7-9 pupils and 39% (39%) of Year 10-13 pupils.

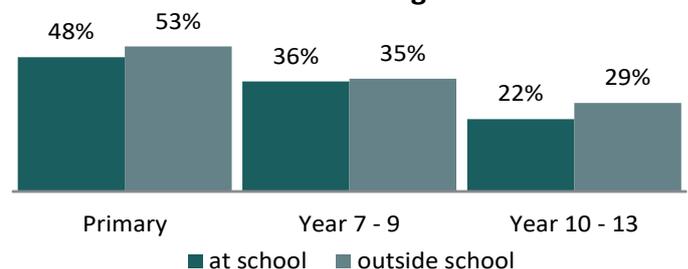

Go out 2-3 times a week (Tendring)

## PHYSICAL ACTIVITIES

- 48% (49%) of primary pupils said they enjoy physical activity at school 'a lot'. This drops to 36% (41%) of Year 7-9 and 22% (27%) of Year 10-13 secondary pupils.
- 53% (55%) of primary pupils said they enjoy physical activity outside school 'a lot'. This drops to 35% (42%) of Year 7-9 and 29% (33%) of Year 10-13 secondary pupils.

Enjoy physical activity... in Tendring

# Tendring Primary School Pupils (1431 pupils)

## BACKGROUND

- 89% (81% in wider Essex data set) describe themselves as White British, 2% (4%) said they were Asian and 3% (5%) Black.

- 37% (34%) said that they often lose their temper or get angry; 10% (8%) said that this happens every day.**
- 45% (48%) of boys and 52% (57%) of girls said that when they are really worried they talk to someone or ask for help.
- 82% (85%) were happy with their relationships with friends, 7% (6%) were unhappy.

### Worries

- 22% (20%) worried often about problems with friends.
- 41% (36%) of Year 6 pupils worried often about SATs/tests.**
- 27% (23%) worried often about what other people think of them. 11% (10%) worried about being fashionable.
- 16% (21%) worried often about the environment e.g. global warming and 11% (14%) said that they worried about world events.
- 23% (22%) said if they were worried about a family problem they would keep it to themselves. 43% (42%) said they would go to a parent/carer about the problem first; 10% (11%) said they would go to a friend first.**
- If they had a problem with school, 51% (51%) would go to a parent/carer about it. 19% (21%) would go to a teacher first about the problem.
- If they had a problem with bullying, 53% (55%) would go to a parent/carer about it. 17% (19%) would go to a teacher first about the problem; 15% (12%) said they would keep the problem to themselves.

## SAFETY

- 88% (89%) 'usually' or 'always' felt safe at home. 78% (79%) felt safe on the way to/from school and 79% (82%) at school.

- 75% (78%) feel safe when going out during the day on week days, this fell to 62% (66%) when going out after dark on week days.
- 78% (81%) said they feel safe when going out during the day on weekends, this fell to 62% (68%) when going out after dark on weekends.

## BULLYING

- 37% (34%) felt afraid to be in school because of bullying, at least 'sometimes' in the month before the survey.

- 6% (5%) think others felt afraid to be in school because of them, 22% (22%) didn't know.
- When asked where they experienced bullying recently 7% (5%) said at school during lesson time, 8% (7%) said at home, and 4% (3%) reported on the way to or from school.

- 48% (50%) said that their school deals at least 'quite' or 'very' well with bullying. 12% (14%) said it wasn't a problem in their school. 18% (15%) responded that their school deals with it 'badly' or 'not very well'.

- 87% (87%) play games or chat online at least 'once a week'; 66% (61%) of boys and 38% (32%) of girls said they do so 'four or more times a week'.

- 63% (64%) 'usually' or 'always' felt safe when online chatting or playing games.

- 28% (27%) are never supervised when they use the Internet at home, while 27% (26%) of pupils said that they are 'often' or 'always' supervised.

## RECREATION

- 51% (58%) said there is a good choice of activities they can go out and do during weekends; 47% (52%) said the same of week nights.

- 52% (60%) said there are safe places where they can go out to do activities during weekends; 64% (68%) said the same of week nights.

- 73% (78%) of pupils responded that they go out in the evening to take part in activities/clubs at least 'once a week'; 16% (21%) said they do so 'four or more times a week' and 27% (22%) said they 'never' do.

- When asked what they had been up to in their free time in the last 4 weeks, the top answers were:

	Boys	Girls
Parks or open spaces	52%	51%
Sports club/class	42%	34%
		Art, dance, craft, drama, film-making group
Cinemas/theatres	26%	33%

## PHYSICAL ACTIVITY

- 48% (56%) usually walk to school, 64% (58%) travel by car or van. N.B. pupils could select more than one option.
- 79% (80%) of boys and 73% (76%) of girls said that they enjoy physical activity at school 'quite a lot' or 'a lot'.
- 79% (81%) of boys and 81% (82%) of girls said that they enjoy physical activity outside school 'quite a lot' or 'a lot'.
- 34% (38%) of boys and 34% (33%) of girls said that they were active last week for an hour or more in total on five days or more where they were breathing harder or faster.

## VOLUNTEERING

- 37% (37%) help at home 'every day' and 9% (8%) help people near their home.
- 8% (8%) said they give time to help a charity or a voluntary group on at least 'a few days a week'.

## SCHOOL

- 65% (69%) enjoyed school 'most of the time' or 'always' in the last few weeks.

- 19% (21%) would go to a teacher first if they had a problem with school. 16% (14%) said they would keep the problem to themselves.

- Pupils were asked what might help them do better in school. The top answers included:

	Boys	Girls
More fun/ interesting lessons	63%	60%
A quieter, better behaved class	36%	41%
More help from teachers	32%	35%

- 44% (49%) have the opportunity to give their views about life in school, while 17% (15%) of pupils said they don't.

- 39% (40%) have opportunities to give their views about life in school and also said that their views and opinions make a difference to how their school is run.

# Tendring Secondary School Pupils (1230 pupils)

## BACKGROUND

- 86% (81% in wider Essex data set) describe themselves as White British. 2% (4%) said they were Asian and 3% (5%) Black.
- 71% (77%) live with two parents; 22% (19%) live with one parent for most of the week.
- 8% (16%) said they were a practising member of a religion.
- 11% (12%) have a special need, long term illness or disability.
- 13% (9%) of pupils identified themselves as a 'young carer'. 2% (2%) said that being a 'young carer' takes up more than 2 hours of their time a day.
- 15% (9%) said that they get free school meals or vouchers for free meals.

## HEALTHY EATING

### Food choices

- 31% (25%) had nothing to eat or drink for breakfast on the day of the survey. 4% (3%) said that they had just a drink.
- 16% (19%) 'very often' or 'always' think about their health when making food choices.
- 42% (49%) eat fresh fruit 'on most days'; 12% (8%) said 'rarely or never'.
- 33% (28%) have sweets or chocolate 'on most days'; 9% (8%) said 'rarely or never'.

### Fizzy drinks

- 20% (13%) have fizzy drinks 'on most days'. 24% (29%) said that they 'rarely or never' have fizzy drinks.

### Attitude to weight

- 33% (31%) of boys and 58% (53%) of girls would like to lose weight.
- 44% (49%) were happy with their weight as it is.
- Pupils were asked what might they find useful to help manage their weight. The top answers included:

	Boys	Girls
More healthy meal choices at school	17%	25%
Information on losing/gaining weight	14%	23%
Support from friends and family	12%	18%

## EMOTIONAL HEALTH & WELL-BEING

- 66% (69%) agreed with the statement 'My life is going well'. 74% (78%) said they had a good life and 54% (59%) said they have what they want in life.
- 16% (13%) wished they had a different life.
- 89% (90%) were happy with the home that they lived in; 84% (88%) with the things that they had.
- 55% (61%) were happy with their school.
- 29% (28%) often feel sad or tearful; 12% (11%) said that this had been the case for more than 6 months.
- 38% (35%) often lose their temper or get angry; 10% (8%) said that this happens every day.
- 28% (32%) of boys and 49% (53%) of girls said that they worry often about SATs/tests/exams.
- 27% (31%) of boys and 29% (37%) of girls said that when they are really worried they talk to someone or ask for help.
- 68% (71%) know where to go to find advice, support of information about things that are worrying them.
- 31% (32%) worry about what other people think of them. 21% (18%) worry about relationships and 25% (33%) worry about school-work/homework.

## SMOKING, ALCOHOL & DRUGS

### Smoking

- 3% (2%) of boys and 3% (2%) of girls said they smoke at least once a week.
- 84% (87%) of pupils have never smoked. 92% (93%) of Year 7-9 and 67% (74%) of Year 10-13 said that they have never smoked.
- 1% (2%) of Year 7-9 girls and 14% (10%) of Year 10-13 girls said that they were occasional or regular smokers.
- 3% (2%) of Year 7-9 boys and 7% (7%) of Year 10-13 boys said that they were occasional or regular smokers.

### Alcohol

- 10% (11%) drink alcohol occasionally or regularly. 25% (24%) drink only on special occasions.
- 39% (41%) have never drunk alcohol.
- 10% (9%) were drunk at least once in the 4 weeks before the survey.
- 3% (4%) of Year 7-9 girls had been drunk in the last 4 weeks. This rises to 33% (25%) of Year 10-13 girls.

## Drugs

- 5% (5%) of Year 7-9 pupils said they had taken drugs that were not prescribed by a doctor. This rises to 16% (17%) of Year 10-13 pupils.
- 3% (3%) took an illegal drug in the month before the survey. 2% (3%) took cannabis at least once in the 4 weeks before the survey.

## SAFETY

- 82% (87%) feel safe when going out during the day on weekdays; this fell to 62% (67%) when going out in the evenings. 
- 83% (87%) feel safe when going out during the day on weekends; this fell to 60% (65%) when going out in the evenings.
- 94% (94%) 'usually' or 'always' feel safe at home. 81% (85%) feel safe on the way to/from school and 81% (85%) feel safe at school.
- 9% (10%) have been physically attacked (e.g. punched or kicked) in the month before the survey, while 12% (13%) have been verbally abused or threatened.
- 83% (78%) play games or socialise online at least 'once a week'; 48% (41%) said they do so 'four or more times a week'.
- 83% (85%) said that they 'usually' or 'always' felt safe when online chatting or playing games. 
- 79% (77%) go online at home without adult supervision.
- 7% (7%) have regretted something they shared online.
- 11% (9%) have spoken to someone on the phone that they have met online. 5% (4%) have met someone online that they have never seen before and then gone on to meet them in person.

## BULLYING

- 26% (23%) felt afraid to be in school because of bullying, at least 'sometimes' in the month before the survey. 
- 14% (13%) 'didn't know' if others felt afraid to be in school because of them.
- When asked where they experienced bullying recently, 6% (7%) reported at school during lessons, 4% (5%) said outside at school and 2% (3%) reported on the way to or from school.
- 34% (32%) said that their school deals well with bullying. 4% (5%) said it wasn't a problem in their school. 31% (31%) said that their school deals with it 'badly' or 'not very well'.

## RECREATION

- 47% (52%) of pupils said that there are safe places where they can go out to do activities during weekends; 44% (49%) said the same about week nights.
- 65% (68%) go out in the evening to take part in activities/ clubs at least 'once a week'; 43% (46%) do so more than once a week.

## PHYSICAL ACTIVITY

- 57% (51%) usually walk to school, 53% (43%) travel by car or van and 5% (22%) by bus. 
- 24% (29%) of boys and 20% (22%) of girls responded that they were active last week for 1 hour or more in total on five days or more where they were breathing harder and faster.
- 71% (74%) of boys and 54% (57%) of girls said that they enjoy physical activity at school 'quite a lot' or 'a lot'.
- 66% (71%) of boys and 57% (61%) of girls said that they enjoy physical activity outside school 'quite a lot' or 'a lot'.

## Volunteering

- 27% (30%) helped people near their home at least 'a few days a month' and 84% (89%) help at home at least 'a few days a month'. 
- 41% (47%) of boys and 45% (53%) of girls said that they give time to charity or a voluntary group at least 'a few days a year'. 37% (35%) of boys and 29% (33%) of girls said that they coach, support or referee other young people in a sport/activity.

## SCHOOL & CAREER

- Pupils were asked what might help them do better in school. The top answers included:

	Boys	Girls
More fun/interesting lessons	65%	72%
More help from teachers	29%	34%
A quieter/better behaved class	23%	30%

- 26% (29%) of KS4 pupils said they found their lessons on preparation for work were 'quite' or 'very' useful.
- 20% (14%) of pupils hope to get a job when they leave school.
- 30% (35%) of Year 7-9 pupils said they would like to go to university when they leave school. 22% (42%) of Year 10-13 pupils said the same. 

# Overview

## Significant differences between 2018 and 2019 in Tendring

N.B. some care should be taken interpreting these findings as different schools may have been involved in each survey.

Tendring	2018	2019	% point difference	DOT (direction of travel)
<b>Primary</b>				
Usually travel to school by car/van.	73%	64%	-9%	↓
Usually walk to school.	42%	48%	+6%	↑
Are a 'young carer'.	9%	13%	+4%	↑
<b>Secondary</b>				
Want to go to university when they leave school.	44%	27%	-17%	↓
Worry about the way they look 'quite' or 'very' often.	26%	33%	+7%	↑
Worry about their diet 'quite' or 'very' often.	20%	26%	+6%	↑
Usually walk to school.	50%	57%	+7%	↑
Are at least 'quite happy' with their health at the moment.	73%	67%	-6%	↓
Are at least 'quite happy' with their appearance.	57%	50%	-7%	↓
'Rarely or never' eat any fish/fish fingers.	56%	63%	+7%	↑

## Comparisons with Essex wider data

Significant differences between the Tendring data and the wider Essex results for 2019.

Primary	District	Essex	% point difference	DOT (direction of travel)
Are White British.	89%	81%	+8%	↑
Usually walk to school.	48%	56%	-8%	↓
Went to a sports club or class (not school lessons or just watching) outside of school in the 4 weeks before the survey.	37%	46%	-9%	↓
Get free school meals or vouchers for free meals.	16%	11%	+5%	↑
There are safe places where they can go out to do activities during weekends.	52%	60%	-8%	↓
Are a practising member of a religion.	12%	18%	-6%	↓
Go out in the evening to take part in activities/clubs at least 'once a week'.	73%	78%	-5%	↓
Good choice of activities they can go out and do during weekends.	51%	58%	-7%	↓
School gives them the opportunity to take part in outings or visits.	69%	75%	-6%	↓
<b>Secondary</b>				
Want to go to university when they leave school.	27%	37%	-10%	↓
Normally stay online for 'more than four hours' to play games.	27%	20%	+7%	↑
School gives them the opportunity to take part in outings and visits.	59%	68%	-9%	↓
Have something to eat or drink at breakfast 'every day/most days' on school days.	54%	63%	-9%	↓
Eat vegetables or salads 'on most days'.	39%	47%	-8%	↓
Are at least 'quite happy' with their health at the moment.	67%	74%	-7%	↓
Went to parks or open spaces in their free time outside of school in the last four weeks.	53%	60%	-7%	↓
Take part in a school council.	3%	6%	-3%	↓
'Never' consider their health when choosing what to eat.	19%	14%	+5%	↑

Thank you to all children and young people, headteachers and staff for their time and contributions to this survey. This survey of children and young people's views on their attitudes and actions has been an integral piece of work in providing information that will assist schools and the local authority by informing Essex priorities relating to well-being. Thank you also to those who have taken the time to shape the content of this survey and to those who use the information to support the delivery of services to children and young people in Essex.
